Subject: FW: Wednesday Condo Inspection at [REDACTED]

John,

Thank you for your prompt and professional service. I first telephoned you just three days ago from my current home in Boston, and today I was able to review both your written report and the DVD.

Not only does your inspection make me feel more assured about my condominium purchase (and better-armed with your helpful and money-saving maintenance tips), but now I can even use the DVD to 'show' the property to family and friends during the long three months before I actually move to Milwaukee.

I just stopped by the post office and sent off (via regular mail) the signed contract and payment. I am still trying to get in touch with [REDACTED] (for my own reasons), and I will let you know what contact information I obtain.

Best,

Stephen [REDACTED]
